Re: July 30th Clerks Office Closing

The conversion process from our current docketing system, Bancap, to the new system, CM/ECF will begin on **July 30, 2004**. The Bankruptcy Clerk's Office will be open for new case filings until noon on July 30, 2004. **We will be unable to take new case filings after 12:00 noon on that date.** If you have an emergency filing, please contact the Clerk's Office before noon and we will make special concessions. The Clerk's Office will continue to be staffed and open on that date for you to review cases, obtain copies and file other documents, which will be entered on the docket on Monday, August 2, 2004.

Our Pacer system will also have a new look on August 2, 2004. You can access this system by going to <https://ecf.ndb.uscourts.gov/> on August 2nd. Your current Pacer login and password will allow you access to this new system.

Note: Our Racer system will be available through August 1, 2004. Please check our website at www.ndb.uscourts.gov for more details.
